7 EXPLANATION OF CORRECTION

This amendment is being filed to correct reporting discrepancies identified after our transition to a new association management software in June. The software serves as our primary database and the system where all PAC contributions are recorded. During the initial implementation period, there were reporting challenges and a learning curve in extracting the required data. As our team became more familiar with the new system, we identified certain information that had been inadvertently omitted from the original filing submitted in June. This amendment serves to address and correct those omissions.

We also respectfully request a waiver of any late fees, as the original filing was submitted on time. This amendment is being filed promptly to ensure all information is reported accurately and transparently. Please don't hesitate to reach out should you have any questions.
